

THE WASHINGTON DAILY NEWS, FRIDAY, OCTOBER 16, 1964

WATERGATE PROJECT — The huge Watergate project will look like this when it is completed in 1968. It will have 1000 co-operative apartments ranging from studio to four-bedroom units, and prices will range from \$17,600 to more than \$200,000. Three below-street levels will provide parking for 1200 cars, a shopping mall and restaurants. Magazine Brothers Construction Co. is the general contractor. It's being built in the triangle formed by Virginia-av, New Hampshire-av and Rock Creek Parkway in Foggy Bottom.
